Welcome to Nature Valley,

Welcome to **Nature Valley**, it's a 67 (150+ Acres in Phase-2) of Agroforestry Farmland (First of its kind Model Project in South India) Venture of **Bharat Nirman Limited**, the venture is being planned at the adjacent of **Narayankhed Town, Sangareddy District, Telangana**; along the **Narayankhed-Kangti Main Road** and just 1 km from Municipality limits, it's a perfect farmland location on a hilltop as well as a great place and soil to yield high returns on land investment. The look and feel is very joyful and every plot of the venture provides a stunning view of the Narayankhed Town in just a kilometer in aerial distance. This is a perfect choice for family weekend on a beautiful hilly location.

There are several water swift flow-through and a headwater stream originates from here. The enthralling sights of the forestry plantations are accompanied by many orchards. A big size clubhouse of the venture on top of the hill station will rejuvenate you from the pollution and stress of the city life.

Nature Valley Farmland investment plan is the Long-term based; it is considered the best investment plan on the earth. Since the world's most popular and costliest woods are Agroforestry varieties such as **Mahogani, Sandalwood, Red sandal Wood, Malabar Neem, Aloe Vera Plants etc...** Our Agroforestry is the sustainable option for great returns on Land Investment. We choose these plantation along with other costly Vegetable variety like Hop Shoots, Ayurvedic Medicinal variety like Aloe Vera to deliver high returns on investments for our customers.

From the investor point of view, our **Nature Valley Farmland** Venture is not just climate friendly but also profitable immensely. For sustainable and guaranteed returns, we focus on 3 types of plantations, i.e. short-term, mid-term and long-term yielding plantation as mentioned above where involve low investment to fetch high returns.

Why to Invest in Nature Valley?
